Eduardo Jaime

Lead Software Engineer | Senior Manager | Cloud Architect
Toronto, ON | eduardojaime.github.io

SUMMARY

I'm a Lead Software Engineer (Senior Engineering Manager) and Certified Azure Architect with over 15 years of experience designing and building software solutions from the ground up. I specialize in Microsoft technologies but also enjoy working with other technologies like Angular, Python and Node.js. My skill set spans across Agentic and Generative AI, Cloud Architecture, Agile SDLC, enterprise integration patterns, database design, and cloud infrastructure management. I'm fluent in languages like C#, JavaScript (Node.js) and Python, and I've been hands-on through every stage of the development life cycle — from gathering requirements to writing code, deploying to production, and keeping systems running smoothly. What drives me is building practical, scalable solutions that solve real problems.

SKILLS

Programming Languages	C#, JavaScript, Python, and VB.NET
Web Languages	JSON, XML, HTML, CSS, jQuery, and JavaScript
IDEs	Visual Studio, Visual Studio Code
Cloud Technologies	Azure Portal, VMs, Functions, Logic Apps and App Services
Testing Frameworks	Selenium, and Cypress
APIs and Web Services	REST Web APIs, and WCF Services
Relational Databases	PostgreSQL, MS SQL Server, Oracle, and MySQL
NoSQL Databases	MongoDB, and Cosmos DB
Source Control	Git, SVN, and SourceSafe
General Development	Azure DevOps, Jira, TeamCity, and Octopus
Enterprise Integrations	Mule4, and Azure Logic Apps
AI Technologies	OpenAI APIs, Azure AI Services, Azure AI Search, GenAI Tools, Agentic Workflows

EDUCATION

Master of Science in Software Engineering — **Aug 2014 – May 2016**
University of Texas at Dallas (Texas, USA)

Bachelor of Engineering in Computer Systems — **Jan 2006 – Jul 2011**
Chihuahua Institute of Technology II (Chihuahua, Mexico)

WORK EXPERIENCE

Lead Software Engineer – Senior Manager ***Cognizant (Toronto, ON)*** **Dec 2025 – Present**

- Lead a broad range of initiatives within the client organization.
- Provide technical direction and advise for RFP document creation.
- Focusing on Process Automation using Agentic Workflows.

Sr Software Engineer B3 – Manager ***Cognizant (Toronto, ON)*** **Dec 2021 – Nov 2025**

- Led a cross-functional team of engineers in enhancing and maintaining enterprise systems for a key client.
- Delivered a successful GenAI Proof of Concept, automating document data extraction and contributing to new business acquisition, direct client savings and revenue.
- Other POCs initiatives include an Agentic AI with custom MCP tools for backlog grooming.
- Defined the architecture and contributed to the technical proposal for a portal modernization project, leading to contract approval and project expansion.
- Provided architectural guidance and hands-on development using Angular, C# microservices, and Azure cloud technologies.
- Actively mentored junior developers and participated in code reviews, design sessions, and project planning.
- Driving the adoption of GenAI coding tools across the client account.

Senior .NET Developer, ***GHD (Toronto, ON)*** **May 2020 – Dec 2021**

- Led integration development with external platforms like CityWorks and Vadim using web services and APIs.
- Refactored legacy codebases for better performance and maintainability in the main Form Builder application.
- Analyzed SQL Server database performance and proposed improvements to eliminate bottlenecks.

Software Developer, ***Softchoice (Toronto, ON)*** **May 2018 – May 2020**

- Supported and enhanced eCommerce platforms using ASP.NET MVC, and SQL Server.
- Designed and built Mule applications integrating systems like SAP, Concur, and banking APIs.
- Collaborated within Agile teams with external consultants to implement robust enterprise integration solutions.

Software Developer, ***IPC (Dallas, TX, USA)*** **Jan 2016 – Dec 2017**

- Developed secure web and mobile applications using Cordova, ASP.NET, and SQL Server.
- Implemented REST APIs, database objects, and automation scripts for backend systems.
- Created test automation scripts with Telerik and Windows services for database sync tasks.

Software Developer Intern, ***IPC (Dallas, TX, USA)*** **Jun 2015 – Dec 2015**

- Added new modules and upgraded legacy code to HTML5 and responsive design standards.
- Developed test cases and improved UI/UX on internal systems written in VB.NET.
- Provided maintenance to existing systems and upgraded DotNetNuke sites to newest versions.

Software Engineer, ***Chihuahua City Hall (Chihuahua, Mexico)*** **Dec 2010 – Aug 2014**

- Led internal development projects and provided IT support for government platforms at **Chihuahua City Hall**, including an OCR-based document digitization system and a citizen reporting app.
- Developed .NET applications and SQL Server databases for the Federal Tax Administration, supporting inventory and security modules.

- Built custom software solutions as a **freelance IT consultant**, including POS systems, real estate management tools, and volunteer event platforms.
- Engineered sensor-based control systems and municipal automation tools at **BASIPESA**, integrating hardware and software components.

TEACHING POSITIONS

Part-Time Faculty, Computer Studies — **May 2021 - Present**
Georgian College (Barrie ON)

Part-Time Faculty, IT & Programming — **Jan 2019 – Apr 2022**
IBT College (Toronto, ON)

CERTIFICATIONS AND RELEVANT COURSES

Microsoft Certified: Azure Security Engineer Associate (AZ-500)	**2023**
Microsoft Certified: AI Fundamentals (AI-900)	**2023**
Microsoft Certified: Data Fundamentals (DP-900)	**2022**
Microsoft Certified: Azure Solutions Architect Expert (AZ-305)	**2022**
Microsoft Certified: Power Platform Fundamentals (PL-900)	**2022**
Microsoft Certified: DevOps Engineer Expert (AZ-400)	**2022**
Microsoft Certified: Azure Administrator Associate (AZ-104)	**2022**
Microsoft Certified: Azure Developer Associate (AZ-204)	**2022**
Microsoft Certified: Azure Fundamentals (AZ-900)	**2021**
MuleSoft Certified Developer – Level 1 (Mule4)	**2020**
Microsoft WorkshopPLUS: Azure IaaS	**2019**
Android Certified Professional	**2014**
Oracle Certified Java Programmer SE 6	**2013**
MCTS: .NET Framework 4.0, ASP.NET Application Development	**2013**
Semantic Web Builder Certified Manager	**2013**

ORGANIZATIONS

Institute of Electrical and Electronics Engineers (IEEE) — **Sep 2020 - Present**
Member, Toronto Section

IEEE Computer Society — **Sep 2020 - Present**
Member, Toronto Section
